TECHNICAL BULLETIN

60/40

Economy Thinner

DESCRIPTION

60/40 is a very popular and economical choice for thinning oil-based paints and epoxies. It can be used to clean tools, brushes, spray equipment.

DIRECTIONS

Follow coating manufacturers directions for thinning. Do not use more thinner than is recommended as it may compromise integrity of the coating.

CAUTION

Read SDS provided and follow all safety precautions. Keep product away from open flames, sparks or extreme heat. Store in closed containers in a well-ventilated area out of contact with direct sunlight. Do not inhale vapors. Do not use product in confined spaces such as bathrooms, basements or anywhere fresh air is not continuously flowing. Insure the area is rid of vapors before using power tools, kitchen appliances or anything that could be an ignition source. Ground containers when in use to prevent static ignition.

NOTICE

Mobile Solvent & Supply, Inc. products are safe and effective when used as directed. Always test thinner with small amount of paint and observe for adverse reaction. Since the manufacturer cannot control conditions or method of application, no warranty or liability beyond replacement of defective product is offered.
